Understand Senegalese Culture in-Depth

Senegal has a unique and complex background, that affects all social interactions. In a country where tradition and religion interplay with socio-economic history and modern influence, there is a wealth of knowledge available to you and your company to better grasp local context.

Participants in our 3-hour workshop will benefit from exploring a litany of in-depth topics; including cross-sectional, religious, historical, cultural inter-plays that affect everyday interactions.

Program Cost: 250 € / Person

***Niofar Executive Relocation** is a full-service relocation transition partner helping companies, professionals and their families navigate the local challenges of living and working in Senegal.*
